Create Event & Start Streaming

Event Creation

Details

1. Enter your your Event Details, Add a Title, Event Image & Description (optional).

The screenshot shows a dark-themed web interface for event creation. At the top, there are three tabs: 'DETAILS', 'ACCESS', and 'STREAMS'. The 'DETAILS' tab is active. Below the tabs, the heading 'EVENT DETAILS' is followed by the instruction 'Enter Event Related Details'. The form is divided into two main sections. On the left, under 'Event Image', there is a red square image with a white circular logo and the text 'ODIENCE' repeated. Below the image, it specifies 'min image dimensions: 500 x 500' and 'max file size: 20 MB'. On the right, under 'Event Title', there is a text input field containing 'Odience Support'. Below that, under 'Event Description (optional)', there is a large text area with the placeholder 'Enter Event Description'. To the right of the description field, it says '45 Characters Remaining' and 'Maximum 600 Characters'.

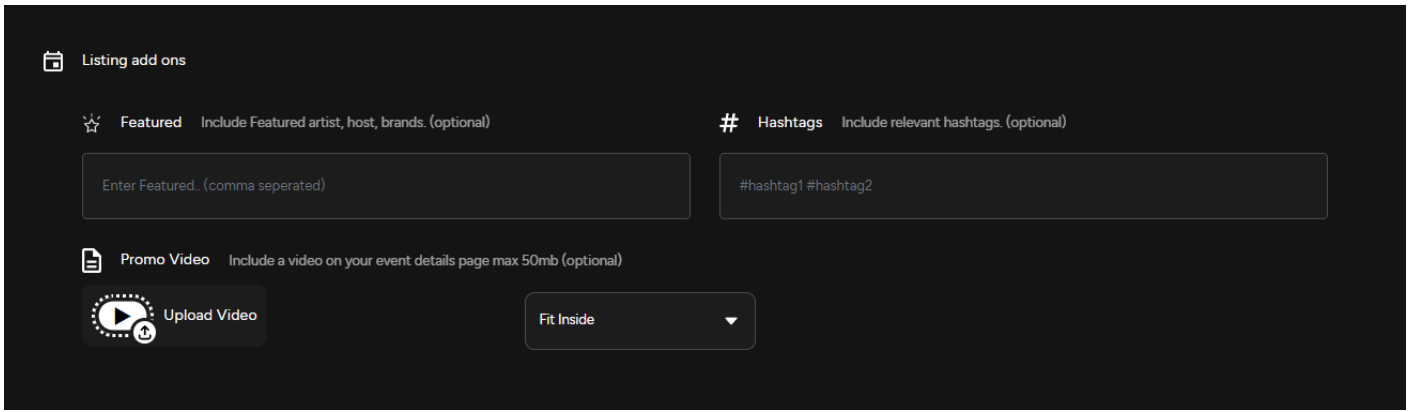

Event Type

2. Pick an Event Type.

[Event Type.png](#) type unknown

Listing Add Ons

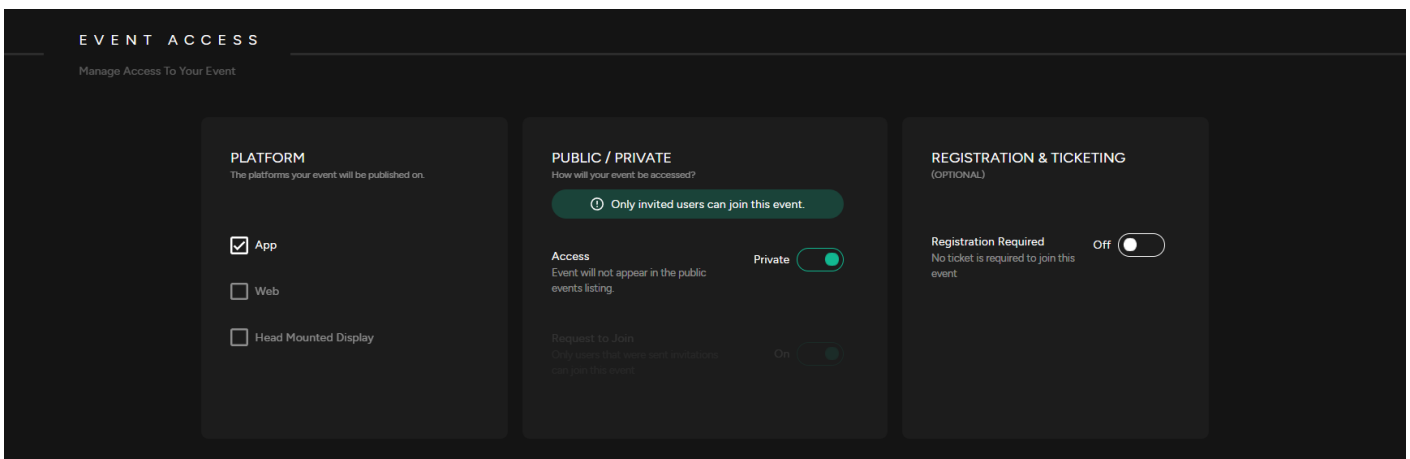

Note: All Listing Add Ons are optional.

3. Include featured artists, host and brands. Use relevant hashtags & upload a promo video to engage your audience.

Access

4. Select which Platform your event will be published on. Publishing options include our mobile app, the web client, or using a head mounted display (Supported on all VR headsets, including Vision Pro).

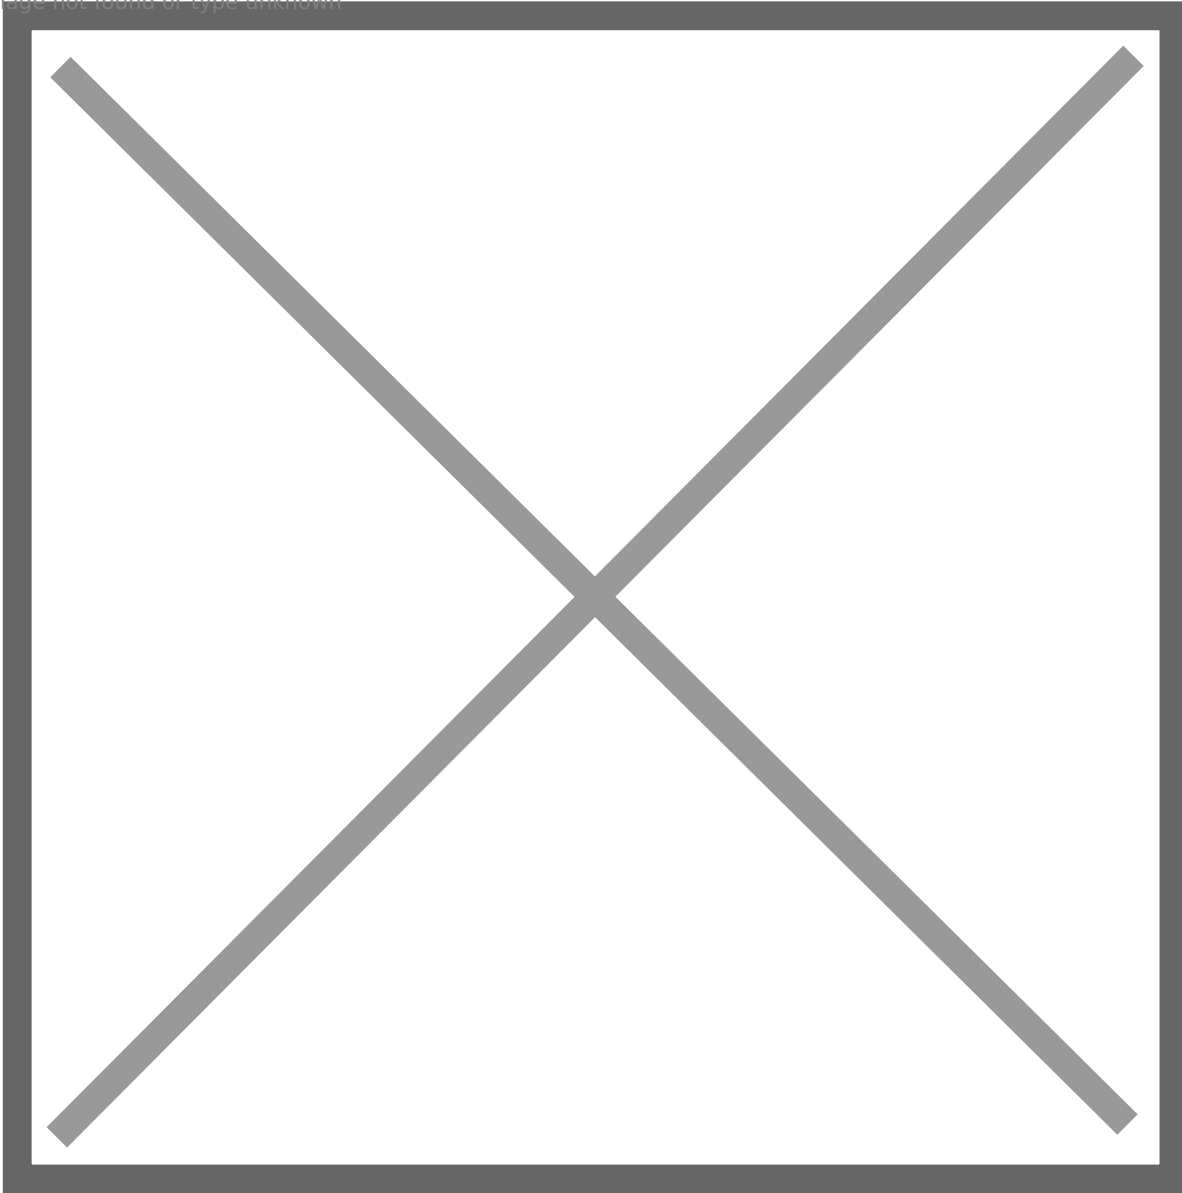

5. Public or Private

- Private Event: A Private Event does not appear in the public events listing. Users will need to be invited to access the event.
- Public Event: A Public Event is listed in the public directory and visible to everyone .
- Request to Join: If enabled, users will need to request to join the event.

6. Registration & Ticketing (*optional*): Enable registration before joining your event. Set-up a ticketing system that allows you to administer free or paid tickets. Select a platform to distribute your tickets, pick a currency & include ticket classes to sell different types of tickets.

Image not found or type unknown

7. Select the Start/End date of your event, set a capacity & add an event location (*optional*)

Streams

8. Pair a Camera by scanning QR code pop up or create and assign an RTMP stream to your event.

EVENT STREAMS

Assign Streams To The Event

You have no streaming devices.

Profile Settings

Edit Information

- Add new information or modify user information.

The screenshot shows a dark-themed 'Edit User' form. At the top left, it says 'Edit User' and 'Edit user information'. On the right, there is a close button (X). Below this, the section is titled 'User Information' with the subtitle 'Add New/Modify User Information'. A red 'Reset Password' button is located in the top right of the form area. On the left side, there is a profile picture placeholder showing a red circular logo with the word 'DIENS' below it. Below the picture is a red 'Upload Picture' button with the text '20 MB max size' underneath. The main form fields are: 'Username *' with a value of 'John'; 'Email Address' with a placeholder 'Enter User Email'; 'User Phone Number *' with a value of '15148348138'; and a 'Timezone' dropdown menu currently set to 'America/Montreal'.
